Love triangle leads to shootout at Vijayanagar

Satish Gowda

Mysuru, July 14 (RK&BCT)- High drama was witnessed at Vijayanagar Police Station this morning where the Police were probing a shootout incident that took place last night at Vijayanagar Fourth Stage. A person had fired five rounds from his revolver at a cab driver. Both the accused and the cab driver were being interrogated as their supporters had gathered outside the Police Station.

Though a formal case has not yet been registered on the shootout incident, Police told *Star of Mysore* that Raghu, a cab driver attached to a travel company in city, had complained to the Vijayanagar Police that Satish Gowda, the District President of Jaya Karnataka organisation, had fired from his revolver at him. Police said that both Raghu and Satish Gowda, residents of Sharadadevinagar, were in love with the same girl and this might be the reason of the shootout apart from financial dealings between them.

According to Raghu, yesterday at 11 pm, he got a call from his travel company that he had to pick up a passenger from Vijayanagar Fourth Stage near Marimallappa College compound. He told the Police that as he was nearing the pickup destination, he saw an Innova Cresta beaming its blinding headlights.

Slim staff strength

In a recently introduced practice in industries and large business establishments employing a virtual army of employees in some countries of the western world as well as in India, particularly multinational companies known for their fat pay cheques, a considerable number of staff have been sent home, the measure ostensibly to cut operating costs and increase margins has come to be described briefly as giving the *pink* slip. The irony is that the colour pink connotes happy feelings as in the phrase *in the pink of health.* The managements of the establishments flaunting the pink slip before the hapless staff expect to be in the pink of economic health, unfazed by pushing their loyal employees into a dire economic plight in the process. Their slogan appears to be chiming the famous line *all is fair in war and love.* Maybe, the pink slip is seen at its giving end as a soft way of getting rid of dead wood in the establishment.

Government employees are a happy lot given the broadly undefined T & C (terms and conditions) that go with their service from day one to the day terminating either due to superannuation or the unfortunate event of departing before retirement. Not rubbing the superior officer on the wrong side is the name of the game for an uneventful journey of service in the government what with all the familiar perks that accrue automatically.

While the employees of the industry and business establishments are rated on the strength of their efficiency without the least compromise on quality of their work output, the government employees are rated mainly on the *strength* of *seniority* with the added Constitutional provision of some well-marked sections enjoying preferential opportunities both at the stage of recruitment and during upward movement in the hierarchy. The more *resourceful* employees in the government are the envy of the other kind being adept in manoeuvring the rules on the principle of show-me-the-person-I-will-show-you-the-rule. Maybe the only threat to settled life of the government employee is the feature of regular transfers, not always advantageous.

An unprecedented measure of virtually showing the pink slip to government employees has been reported in the press this week. Government of Uttar Pradesh is screening all employees above 50 years of age and retiring those found *unfit* for work. The army of *babus* all over India are sure to defy the measure of staff strength getting slim. People at large are keeping their fingers crossed about which party wins —government or its employees.

HIS 'HAPPINESS': ***The Delhi government is planning to invite the Dalai Lama to the introduction of a happiness curriculum in its schools from July. The curriculum would include meditation, moral lessons and mental exercise. The idea is to inculcate holistic learning in schools. This curriculum is expected to be purely activity-based and no formal examination would be conducted. This comes within months of the fracas over the Dalai Lama's supposed presence at the Indian Science Congress held in Manipur this March.*** — *In Business Standard.*

Umbrella Raincoat in China

Beijing: Chinese designers are attempting to challenge Umbrella and Raincoat with a bizarre new product called an "umbrella raincoat."

Like the good ol' umbrella, it only shields your upper body from the rain, with the lower torso and legs being almost completely exposed. On the upside, it does free up both your hands, which is apparently the main advantage of wearing an umbrella raincoat. Clear nylon raincoats become blurry and foggy in the rain, whereas with the umbrella coat, they still have a clear view. Other advantages include a lightweight, foldable design, two straps that keep it from being blown away by strong winds (take that, umbrella!), and being made of PEVA, a biodegradable vinyl.

"Iron Throne" out of 387 metal swords

Blagoveshchensk: Russian artisans from the city of Blagoveshchensk have created a real-life version of the "Iron Throne" from the popular Game of Thrones TV series and claim it is the only one in the world made out of actual iron swords.

The life-size Iron Throne was created by two blacksmiths, a welder, and a couple of artists, all members of the Association of Artisans of Blagoveshchensk and the Amur Region. In a video showcasing the impressive metal artwork, Vadim Nikolayev, one of the people involved said that the throne required about a half tonne of metal, which was used to forge 387 swords and a few dozen daggers. Some of the blades were hammered into the right shape to create the seat of power and finally welded together.

Extend Mysuru-Renigunta Express upto Tirupati

Sir,

We are thankful for the Mysuru Division of South Western Railway for arranging an overnight weekend train to Renigunta via Bengaluru City. The move comes at a time when the Bengaluru-Mysuru-Chennai line is doubled and electrified thus enabling movement of trains with increased speed restrictions.

The new Mysuru-Renigunta Express is very beneficial and will further benefit if the same is extended upto Tirupati. The train currently operates via Bengaluru-Jolarpet-Katpadi-Tiruttani route. Presently with the exception of Chamarajanagar-Tirupati Express, there are no other trains to connect to Tirupati. The other Mysuru-Howrah train doesn't connect to Tirupati but instead operates via Renigunta.

As Renigunta Express has the facility of air-conditioned coaches, extension and termination of this overnight train upto Tirupati will prove beneficial and also as this train is run on Friday, it will benefit weekend travellers.

Hence, the authorities concerned are requested to look into extending/terminating 11065/11066 Mysuru-Renigunta Express upto Tirupati.

MCC hands over desolate Aquarium to Mysuru Zoo

The half-built Mysuru Zoo Aquarium.

A view of London Zoo Aquarium.

Mysuru, July 14 (MTY, RK& BCT)- The aquarium near Sri Chamarajendra Zoological Gardens (Mysuru Zoo), half-built by the Mysuru City Corporation (MCC) has finally been handed over to the Zoo for refurbishing and maintenance. The aquarium structure, built at a cost of Rs. 4.26 crore, was lying in a state of neglect and had become a place for illegal activities.

The MCC has given a No Objection Certificate (NoC) to the Zoo to carry out further works on the aquarium. It may be recalled here that Tourism and Sericulture Minister S.R. Mahesh had recently directed the MCC to hand over the aquarium to the Zoo. The aquarium has been built in an area of 6,000 square feet.

During his visit to the aquarium, Mahesh was disappointed to see empty beer bottles and plastic waste. Zoo Authority of Karnataka (ZAK) Member Secretary B.P. Ravi told the Minister that the aquarium was lying in a state of neglect and if it was handed over to the Zoo, they would maintain it well and make it another tourist attraction. Following this, the Minister had directed the MCC to hand over the aquarium to the Zoo.

As per the terms and conditions agreed both by the MCC and the ZAK, the aquarium will be refurbished and maintained by the ZAK and will have a 70 percent revenue share. The MCC will get the remaining 30 percent. This agreement will hold good for five years and a decision on revenue sharing will be taken after examining the response and revenue collection. The estimated cost to build the aquarium is about Rs. 30 crore.

Speaking to *Star of Mysore,* MCC Commissioner K.H. Jagadeesha said that the MCC had spent Rs. 4.26 crore for the initial structure. The work was not completed as the MCC did not have skilled labour or technical knowhow of aquariums. "We have given the NoC and soon, we will sign a formal Memorandum of Understanding (MoU) regarding this issue," he said.

Zoo Executive Director Ajit M. Kulkarni said that they had taken over the land and the first priority will be to clean the desolate and weed-filled place. "We will not allow illegal activities anymore and will convert the aquarium into a new tourist attraction. Glasses will be laid and exotic fish species will be purchased and beautiful lightings will be installed," he said.

Once the civil works are completed, technical experts will be involved to design the actual aquarium. The ZAK will consult world-class design experts for the glass and lighting works, water vegetation and identifying the fish species that is best suited for Mysuru, he explained.

"As a preliminary step, we will hold a meeting of aquarium and fish experts and see what is best for Mysuru weather. We will consult the engineers at Zoo, MCC and PWD and prepare a blueprint for an attractive aquarium," Kulkarni said.

'Train Captains' in long distance Express trains to fix problems

Aparna Garg, Divisional Railway Manager, seen at Mysuru Railway Station with the Train Captain-designate of Delhi-bound Swarna Jayanthi Weekly Express.

Mysuru, July 14-The new concept of 'Train Captain' was implemented recently on Mysuru Division with T.No.12781 Mysuru-Nizamuddin Swarna Jayanthi Superfast Weekly Express becoming the first train to adopt this scheme on long-distance Mail and Express trains for integration of all service delivery systems, detailed to a large team of on-board Railway personnel.

Aparna Garg, Divisional Railway Manager, Mysuru, informed that the senior-most Ticket Checking member on the train will be designated as 'Train Captain' for co-ordinating with on-board staff of different departments such as Mechanical, Electrical, Operations, Security as also Catering and On-board Housekeeping Services personnel, for providing seamless and complaint-free services during the entire course of the journey of the train. In addition to Swarna Jayanthi Express, two other long-distance trains originating at Mysuru — Mysuru-Dadar Sharavathi Weekly Express and Ajmer-bound Bi-Weekly Express — will also have the services of Train Captain, she added.

She stated that the Train Captain with a distinct arm badge and a mobile phone with contact details of all on-board staff will be initiating action to fix the problems, as and when reported, effectively and swiftly.

Unlike in Rajdhani/Shatabdi/ Duranto trains, where Train Superintendents work on end-to-end basis, the Train Captain of trains starting at Mysuru will be handing over the charge to his counterpart at Hubballi, being the second leg of the journey, she added.

Aparna Garg expressed confidence that the new concept would go a long way in enhancing customer satisfaction with qualitative improvement in on-board services of long distance Express trains which incidentally was a priority area for the Railways.

Petrol, Diesel to cost more from today

Bengaluru, July 14- With the State Government issuing an official notification on Friday to give effect to the budget proposals made by Chief Minister H.D. Kumaraswamy, petrol and diesel will cost Re. 1.14 and Re. 1.12 more respectively from today.

Kumaraswamy, who also holds the Finance portfolio, had increased the sales tax on petrol and diesel by two percentage points in his budget on July 5.

Kumaraswamy had also increased the tax on consumption of electricity from the existing 6 percent to 9 percent.

Madikeri Court awards death to 3 murder accused

An elderly man and his grandson were killed at Kushalnagar in February 2016

Madikeri, July 14 (PS&BCT)- The First Additional District and Sessions Court in Madikeri has awarded death sentence to three persons convicted for killing an elderly man and his grandson at Kushalnagar. While pronouncing the judgement yesterday, Judge D. Pavanesh also imposed a fine of Rs. 10,000 each on the convicted persons.

The convicted persons are 22-year-old H.S. Shivakumar alias Shivu of Mallenahalli village near Kushalnagar, a mechanic by profession, 21-year-old T.E. Shivakumar alias Juttu Shivu, also a mechanic from Mallenahalli village and 19-year-old Kumar alias Kariya of Mallenahalli.

According to the chargesheet filed by the Kushalnagar Police, on 11.2.2016, the accused barged into the property of Muthanna, a resident of Kushalnagar with an intention of robbing valuables. Kochchunni and his grandson Amrithananda were the caretakers of the house as the owner's family was staying elsewhere.

Before breaking into Muthanna's house, the accused asked Amrithananda to come with them for a smoke. While two of the accused led Amrithananda near the gate of the house, one accused remained inside the house and he strangled Kochchunni with a towel.

Amrithananda was led away for a smoke as the accused felt that he might prevent them from robbing the house. After murdering Kochchunni, the accused searched the house and failed to find any valuables. He then came near the gate and signalled to the remaining two accused that Kochchunni has been murdered. The accused then asked Amrithananda where his grandfather kept cash and gold.

Sensing trouble, Amrithananda began to run. The accused chased him and pinned him down. After failing to get any information about cash and gold, they later killed Amrithananda with the same towel that they killed Kochchunni. They dumped the body inside a drain and covered it with twigs and arecanut plant leaves. The accused then barged into the house and searched the almirahs but did not find any cash. They later fled the spot.

Investigating the case, the then Kushalnagar Inspector S.N. Sandesh Kumar arrested all the accused and filed a chargesheet booking the accused under IPC Sections 302 (murder), 394 (voluntarily causing hurt), 397 (robbery, or dacoity), and 201 (causing disappearance of evidence)/ read with 34 (acts done by several persons in furtherance of common intention).

KRS Dam near full; flood alert sounded

20,000 to 35,000 cusecs of water released this afternoon

Water gushing out of Crest Gates that were opened this afternoon at Krishna Raja Sagar Dam. [Pic. by M.N. Lakshminarayana Yadav]

Mysuru, Mandya/Bengaluru, July 14 (RK&BCT)- The District Administration has issued a flood alert as water from KRS Dam has been released. Eleven crest gates were opened at around 1.15 pm today. A puja was performed by officials before water was released.

Authorities of Cauvery Neeravari Nigam Limited (CNNL) told *Star of Mysore* this morning that 20,000 cusecs of water (gradually increased to 35,000 cusecs approximately) was released after holding consultations with the Chief Minister's Office.

Following the flood alert, residents living on the banks of the river downstream have been advised to move into safer places. They have been advised not to venture into the river. People are also advised to be extra cautious while venturing into the river bed as water levels and flows is likely to be higher than normal and may be unpredictable. Low lying areas and riverside areas of T. Narasipur taluk, especially the area surrounding Talakadu temples are vulnerable.

The advisory has been issued by the District Administration following the directives from Central Water Commission and Gangaram Baderia, Principal Secretary to the Government, Revenue Department.

The advisory states that heavy rainfall in the Cauvery catchment area has resulted in rapid rise of water levels of rivers in Cauvery basin. Harangi and Kabini dams have reached Full Reservoir Levels (FRL) and KRS and Hemavathi are likely to reach FRL in a day or two because of copious inflows. The water from dams will be released in a controlled manner as per the Standard Operating Procedure.

"Strict vigil has to be maintained at the dam as well as in the downstream area and necessary precautions have to be taken to regulate the release smoothly without creating flood-like situation in downstream area. District Administration has been advised to take all necessary precautions and water-based recreational activity in the river must be suspended during monsoon and popular river spots be manned to dissuade tourists from swimming or venturing into the river," the advisory stated.

CNNL Executive Engineer K. Basavaraje Gowda said that KRS will reach its maximum level of 124.80 feet tomorrow if the same inflow of 41,000 cusecs continues. Today's level stands at 122.70 feet.

104 crest gates

In all, there are 104 crest gates in the dam at various levels and water will be automatically released as it reaches that particular level. "There are 48 two-tier gates when the level reaches 103 feet, 40 gates when the level reaches 106 feet and 16 gates when the water level reaches 80 feet. The Dam has been designed in such a way that water flows from these gates automatically as and when the level increases. It is a technical marvel as water is simultaneously retained and allowed to flow without causing any harm to the dam structure," he added.

Minister GTD on temple run

Mysuru, July 14 (MTY&DM)- Higher Education Minister G.T. Devegowda, who visited Mysuru yesterday for the first time after taking charge as Minister, went on a temple run, visiting many temples in and around the city.

GTD, along with his family members, first visited Chamundeshwari temple atop Chamundi Hill, where he performed special puja on Friday.

He later visited Sri Jwalamukhi Tripura Sundaridevi Temple at Uttanahalli, following which he visited a temple at his native village Ghungralchatra, the famous Srikanteshwara Temple at Nanjangud and Ankanatheshwara Temple at Tagadur.

On KSOU: Speaking to presspersons after offering special prayers at Chamundi Hill, GTD said the authorities concerned are in touch with the UGC in connection with the recognition for KSOU.

On UoM VC: Replying to a question on appointment of a regular Vice-Chancellor for University of Mysore (UoM), he said the VC will be appointed as soon as possible.

Asserting that he would meet the expectations of the Chief Minister, he said the Government will appoint 10,000 guest lecturers in a year.

On District Ministers: Referring to the announcement of District-in-charge Ministers, Devegowda said that CM H.D. Kumaraswamy will take a call on this shortly after considering the options before him.

History repeats after 11 years!

HDK to offer Baagina at KRS on July 20

Mysuru, July 14 (RK&BCT)- Chief Minister H.D. Kumaraswamy (HDK) will offer 'Baagina' to River Cauvery at KRS on Friday, July 20. Baagina is a sacred offering to the River Goddess as a thanksgiving gesture for bountiful rains. On that day, he will travel to Talacauvery in Kodagu, the birthplace of River Cauvery and offer pujas to the Goddess. He will then arrive in Mysuru to offer prayers to Goddess Chamundeshwari atop the Chamundi Hill. Incidentally, July 20 is the first *Ashaada Shukravara*.

The CM will then proceed to KRS to offer Baagina. It was on the same day (Friday, July 20) same week in 2007 that HDK, who comes from the family that firmly believes in astrology, had offered Baagina at KRS when it was full to the brim. He will offer Baagina on July 20 after a gap of 11 years.

M.R. Ravikumar appointed as MCC Commissioner

Bengaluru, July 14- In its first major reshuffle of IAS Officers, the coalition government yesterday appointed IAS Officer M.R. Ravikumar as the Commissioner, Mysuru City Corporation (MCC). In all, as many as 21 IAS Officers have been transferred. Following are their new postings according to an official notification.

Ravikumar

Ravikumar, who was serving as the Personal Secretary of Tanveer Sait, the then Primary and Secondary Education Minister in the previous Congress Government, was earlier transferred but was not shown the posting. As such, he had reported the matter to Department of Personnel Administrative Reforms. Now he has been transferred as MCC Commissioner. The present MCC Commissioner K.H. Jagadeesha has not been given any posting.

In rest of the transfers, former Mysuru Deputy Commissioner D. Randeep has been posted as Additional Commissioner (Administration), Bruhat Bengaluru Mahanagara Palike. Jawaid Akhtar has been posted as the new Principal Secretary to the Department of Health and Family Welfare. Akhtar will hold concurrent charge of the post of Managing Director, Karnataka Power Transmission Corporation, Bengaluru.

Pankaj Kumar Pandey has been posted as Commissioner, Health and Family Welfare and AYUSH Services, Bengaluru. He will also hold concurrent charge of the posts of Secretary, Food and Civil Supplies, Consumer Affairs, Legal Metrology Department and Secretary, Information and Public Relations Department. P.C. Jaffer is the new Commissioner for Public Instruction, Bengaluru.

Indira Canteen scam

MLA Ramdas to move HC

Bengaluru, July 14- K.R. MLA S.A. Ramdas, who claims to have unearthed a Rs. 150 crore scam in Indira Canteens, has decided to move the Karnataka High Court (HC) seeking a probe into the alleged scam.

Ramdas

Speaking to press persons here yesterday, Ramdas, who displayed some documents in support of his claim, said that when he raised the issue in the budget session of the Assembly that concluded yesterday, the Speaker had directed him to raise the issue along with supporting documents under some rule of the House proceedings, following which he sought raising of the issue under Rule 69.

But, the Government seems to be in no interest to discuss the issue and come clean on his charges, Ramdas said and added that he will move the High Court seeking a probe into the alleged scam in the running of Indira Canteens.

IN BLACK & WHITE

Vikram Muthanna

Fat in Khaki

The Karnataka State Reserve Police (KSRP) with 14,000 Police personnel is a rather large force — both literally and figuratively. It seems, our cops have large figures and it's becoming a problem. That is why a few days ago the Additional Director General of Police (ADGP) Bhaskar Rao, who is the Chief of KSRP, directed his men to lose weight or lose their job.

KSRP has a very important place in civil society as it is they who are called in to control riots and other violent outbursts in the State. Sadly, in recent times many KSRP personnel have died, not as martyrs but because of lifestyle diseases !

According to the Chief of KSRP, in the last 18 months, 153 KSRP personnel have died. Out of these, 24 died in road accidents and nine killed themselves. The rest, 120 officers died due to lifestyle-related diseases like cardiac problems and diabetes!

Bhaskar Rao, weighing in on the reasons for the weighty problem, said it's because his officers predominantly consumed rice-based meals, ate fried food, smoked, consumed alcohol and failed to exercise.

The KSRP Chief is right and it applies to all of us. Today we have bad diets and bad habits which has led to an increase in deaths. We live a predominantly sedentary life and it's a 'sitty life.' Yes, pun intended.

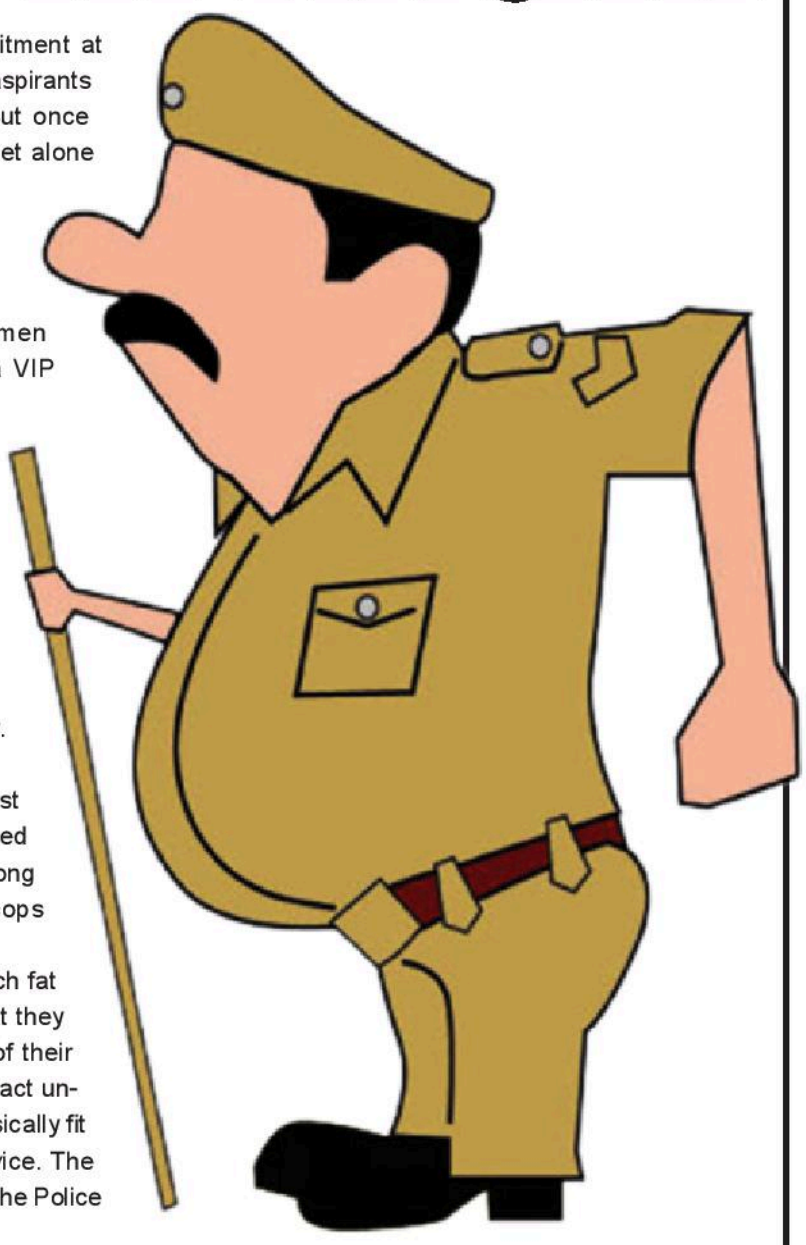
Interestingly, to combat this, the Kerala government in its 2016 budget introduced a 'Fat Tax.' They charged 14% tax on junk food and aerated drinks. Even UK has followed this strategy and has introduced a 'Sugar Tax' where products are taxed according to the sugar content in them.

Gujarat is also thinking of introducing the same. We are sure Karnataka which is trying to raise funds to offset the farm loan waiver could do the same, which could mean *Mysuru Pak* might get costly.

Now, this is not the first time that a Senior Officer has attempted to get our Police personnel in shape. Eight years ago, our then City Police Commissioner declared 2010 as the Year of Fitness for his Department. He had issued a circular to the Inspectors of all Police Stations to get fit. The Commissioner is gone, but the fat remains. Most of our Circle Inspectors are still quite circular.

Fitness must be made mandatory in jobs that are directly involved in saving lives and property. That is why when they have Police recruitment at Chamundi Vihar Stadium we see the aspirants are made to run, jump and climb. But once they join the service, most of them, let alone run, can barely bend.

While the Senior Officers want the Police personnel to get fit, they also should consider the working conditions. The Policemen and women are made to wait for hours during a VIP visit forcing them to eat junk food. Also deputation at odd hours ruins their sleep cycle affecting their emotional and physical health. This can be fixed only by Senior Officers.



Now, fitness is crucial to crime fighting for the simple reason that one has to be as strong as his adversary, not just mentally but also physically. We never see fat burglars, do we?

This fat cop problem plagues most States in our country. Last year a retired Army Officer in Kolkata filed a PIL along with 30 photographs showing the cops with heavy paunch.

The petitioner asked how could such fat Police protect citizens and stated that they were violating a rule as at the time of their appointment, they had signed a contract undertaking that they would remain physically fit and mentally alert to continue in service. The Court admitted the petition and asked the Police Department to take action.

Each job profile comes with its own requirements and the candidates must be forced to fulfill them to remain in service. Some time back, the Delhi High Court refused to accept an appeal made by an air hostess of Indian Airlines who was grounded on account of being overweight. Her appeal was rejected as her contract clearly said that her job profile required her to stay slim and trim as long as she remains an air hostess.

Now, we wish KSRP Chief Bhaskar Rao all the best considering what happened a few years ago in a district called Morena in Madhya Pradesh. Like Bhaskar Rao, the Superintendent of Police of Morena had sent circulars making fitness mandatory for all the Policemen in his district. He also warned the lax officers that if they did not show any improvement in two months, he would suspend them for being unfit for the job.

Instead of following orders and understanding the importance of being fit, the cops performed a 'yajna' for the SP's transfer! It turned out these cops were not only unfit physically but also mentally. No, the 'transfer yajna' did not work, nor was there any news of the weight loss programme's success.

Let's hope the State Police personnel try to get rid of their fat and not the KSRP Chief by resorting to a 'yajna' for the General Elections are fast approaching and we need our KSRP personnel to be FIT in Khaki and not FAT in Khaki.

Weekend STAR Supplement

Train of Knowledge

While there are many who board trains to reach their schools, there are only a few who are actually studying sitting inside one. This *Weekend Star Supplement* narrates the story of a Government school in the nearby Nanjangud Taluk that has been painted to look like a Railway Station — complete with train, platform and engine.

STAR OF MYSORE Saturday 14th July 2018 Weekend STAR Supplement Page - 11

This Train chugs without Wheels & Tracks

Teachers pool in their own money to turn Government School building into a TRAIN

Even as the Toy Train in the Bal Bhavan at Bannimantap in Mysuru is languishing and gathering rust due to lack of initiative and official apathy, depriving scores of little children the joy of riding in a train, here is a heartening story of a group of four Primary School teachers in a small village turning a school building into a train and the veranda a platform.

Children love trains and the teachers of this school at Haropura near Nanjangud are cashing on this love for trains to draw them into the study table. The sole purpose of this innovation and creativity is to attract more and more children into government schools at a time when the government itself is thinking of either shutting down State schools or merging them due to poor attendance, especially in remote and border areas.

Even as one enters the school and looks at the building, it looks like a train with an engine and bogies stationed in a platform. So real is the feeling that even the pillars are painted with the colours that resembles a Railway Station. While one side of the building is painted as the front engine (red and yellow colour complete with the loco-pilot's section) the other end (three rooms) resembles the bogies that have been painted blue. Even the doors and windows have been painted in the form of a train. The rooms that have been painted like bogies carry a unique number just like the way regular train bogies are numbered.

All it took for this transformation of a dreary old and mundane government school building was the happenstance of one of the teachers to look into the WhatsApp painting of a school in North India. The Higher Primary Government School is in Haropura village in Nanjangud taluk in Suttur cluster limits. It is about 30 kms from Nanjangud. The school now has become one of the major attractions with many people visiting just to see how a train has been created.

There are four teachers in the school which has strength of 55 students from standard one to seven. The staff includes Head Master Basavanayaka, Assistant Teachers S. Doreswamy, Tarannum Khanum and Nethravathi. All the four have pooled in Rs. 25,000 of their own money — from the meagre salary they get — to transform the building into a train.

Speaking to *Star of Mysore*, Basavanayaka said that they thought of brightening up the school and after Doreswamy came up with the idea, they got two painters from Mysuru to paint the school in the colours of the train. "Children are always fascinated by trains and enjoy travelling in them. Government school buildings need to become attractive for students to have a sense of pride," he said.

The school was recently shifted to the new place which is on a site of 160X180 ft with a lot of open space in the front. There were just two rooms. They approached the Glucose Bio-Tech factory near the school that helped them add one more room, said Basavanayaka. The switch from dull yellow walls to vibrant blue was done recently. After the room was added, Doreswamy showed Basavanayaka the WhatsApp photo and requested him to paint the school in the form of the train just like they had seen in the photo. "I told him that we do not have that kind of money to do it. But he insisted and then I decided that all of us will pool the money to paint the school," he narrated.

Asked how much each of them gave, he said that as Head Master he had given Rs. 10,000 while the other three gave Rs. 5,000 each.

Doreswamy, himself a painter, has painted sketches of activities in the classrooms in different schools where he was transferred along with two painters from Mysuru, Venkatesh and Narayan. "I saw the photo of the train on WhatsApp and decided that we must do better than the one I had seen in the photo. Narayan and I did the outlines and Raghu, another painter, who was brought in, painted it. Even the classrooms inside have been painted like a train," Doreswamy said.

Basavanayaka said that they had planted 250 trees on World Environment Day in the school premises. The Gram Panchayat, impressed with the work, has come forward to build a compound wall around the school. Haropura village has just around 100 families and the dominant communities are Uppara and Scheduled Castes. There are also a few Rajputs living here and all of them are daily wagers working in the fields, he said.

"We all go door-to-door to attract children to the school. There are many issues here. We have to cook the mid-day meal in one of the classrooms converting it into a kitchen and at this time children will be taken outside while the other two classes are engaged and taught in the open," he said.

"The new look of the building has paid off, with two students at an English medium school joining the Kannada medium government school in Haropura following its re-invention," he added.

Block Education Officer M. Narayana, who was impressed with the selfless work of the teachers, has decided to get grants to build a few more rooms.

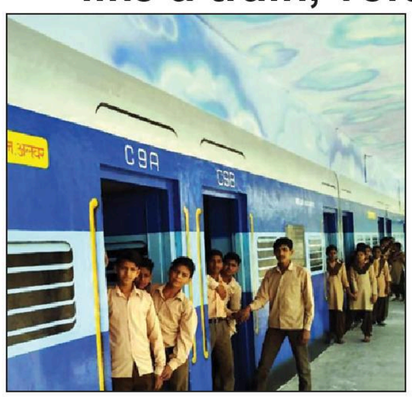
Speaking to *SOM*, he said that he would try to get the grants from SMG (School Maintenance Grant) and also from other sources and see that the teachers are compensated for their hard work.

There are no bus facilities to this village. The nearest bus station is Biligili or Thayur villages from where the teachers have to walk a distance of 4 km. While the Head Master himself goes to the school on a scooter from his home at Nagarle, covering a distance of 12 km, the other three teachers share a car driven by Doreswamy and reach the school on time every day.

This Government Higher Primary School in Haropura has now become a major attraction with hundreds of villagers from surrounding areas stopping their motorbikes and take selfies.

This school with model and creative teachers should become an inspiration for many others to take initiatives to make learning both an education and fun with such innovative ideas, thus attracting the poor children to Government schools which will go a long way in making this country really literate – the issue neglected by successive governments since Independence. **—OSR**

A Class Apart: Alwar Govt. School classrooms look like a train, verandah like a Railway platform



At Alwar's Government Senior Secondary School in Rajasthan, Railway Station takes its name quite literally. Here too, students race each other to grab the best seats in the dark blue coaches that have come to define Indian Railways. Some hang out of the compartments, egging on the laggards to join them.

Here, the classrooms have been painted like passenger compartments, the principal's office looks like an engine and the verandah is the "platform". So, what was the inspiration behind the school sporting a train look?

When junior engineer of district Sarva Shiksha Abhiyan (SSA) Rajesh Lawania saw a government school in Kerala painted like a rail coach, he thought of the Alwar School. He implemented the same model at Alwar School and the switch from dull yellow walls to vibrant blue has been made possible by RDNC Mittal Foundation that adopted the school four years ago.

Here, two classrooms have been painted like Jaipur-Delhi double-decker train and the other two classrooms like the Ajmer-Delhi Shatabdi Express.

JSS Science & Technology students bag 'Best Innovation Award'

SITTING FROM LEFT: ***Dr. Srinidhi, Dr. Lokesh, Registrar, Dr. B.G. Sangameshwara, Vice-Chancellor, JSS S&T University, Dr. T.N. Nagabhushan, Principal, SJCE and Guide Dr. G. Mallesh seen with the students who won the 'Best Innovation Award' at Hybrid Scooter Design and Development Competition held in the TVS Institute for Quality and Leadership, Anekal, Bengaluru, recently.***

Mysuru, July 14 (NNN)- Sri Jayachamarajendra College of Engineering (SJCE) Team Heritage, an inter-disciplinary team comprising students drawn from Mechanical Engineering, Electrical & Electronics Engineering and Electronics & Communication Engineering departments bagged the 'Best Innovation Award' at Hybrid Scooter Design and Development Competition held in the TVS Institute for Quality and Leadership, Anekal, Bengaluru, recently.

The SAE (Society for Automotive Engineers) - EGA (Electrifying Green Aspirations) is a competition with an objective to encourage engineering students to build a hybrid scooter (powered by both the conventional IC engine as well as an electric motor) from concept to reality — from virtual designs to a roadworthy scooter.

The competition had one virtual round where the concept was presented. There were around 23 teams which took part including colleges like VIT Vellore, TIT&S Bhopal. Finally 12 teams were selected for the design, development and road trial round.

Students were given guidelines to modify the vehicle as per the norms for the scooter to be converted to a hybrid scooter with emission-free, noise-free environment-friendly vehicle road worthy for multiple trials for the conclusive part of the competition.

SJCE-Team Heritage could implement these ideas and the team's design was one of the few designs which stood out from the rest based on the features of compactness, efficiency, acceleration, power train design and uniqueness of touch panel features. The team worked under the guidance of Dr. G. Mallesh, Professor, Department of Mechanical Engineering.

Dr. B.G. Sangameshwara, Vice-Chancellor, JSS Science and Technology University and Dr. K.S.Lokesh, Registrar, JSS Science and Technology University (JSSTU), lauded the efforts of the students and faculty in this accomplishment.

TVS Motors Limited sponsored a brand new "TVS Jupiter" scooter to all those institutions, colleges which cleared the virtual round.

Apart from the "Best Innovation Award," a cheque for Rs.5,000 and a certificate was also presented to the team, according to a press release from Dr. T.N. Nagabhushana, Principal, SJCE.

Merit Scholarship Awards Ceremony

Mysuru, July 14- The 5th SET Merit Scholarship Day was organised by Seshadripuram Independent PU College at Kalamandira recently to felicitate and honour the meritorious students for their outstanding performance in SSLC and PU examinations.

Prof. M. Krishnegowda, retired Principal of St. Philomena's College, was the chief guest. He addressed the gathering and said that education plays a vital role in everyone's life and all must give importance to education. He was of the opinion that all should strive to acquire as much knowledge as possible and not money and wealth which won't make us worthy.

Dr. Wooday P. Krishna, Honorary General Secretary of Seshadripuram Educational Trust (SET), presided. The meritorious students were awarded with cash prizes of Rs. 10,000 for those who have secured 80% and above and free seats for those who have secured 95% and above in their respective examinations.

The IPOMO application software was launched during the programme and the PU Newsletter was also released.

Mummadi Krishnaraja Wadiyar's birth anniversary celebrated

Old students, achievers felicitated

MLA L. Nagendra garlanding the bust of Mummadi Krishnaraja Wadiyar at the Maharaja's High School premises in city this morning as Maharaja's High School and Pre-University College Alumni Association President B.S. Sridhara Raj Urs, College Principal Siddaraju and others look on.

Mysuru, July 14 (PM&NNN)- "The reign of Mummadi Krishnaraja Wadiyar was not only the most difficult but also the most enlightening. As a five-year-old he was coronated as the Maharaja of Mysore and his adoptive mother Maharani Lakshmi Ammani Devi played a great role in his life. She and Dewan Purnaiah helped in the reign till he attained majority," said MLA L. Nagendra.

He was speaking after inaugurating the birth anniversary of Mummadi Krishnaraja Wadiyar and founder's day celebrations organised by the Maharaja's High School and Pre-University College Alumni Association in association with Oriental Research Institute (ORI), University of Mysore and Ursu Maha Mandali at the Sri Nalwadi Krishnaraja Wadiyar auditorium in the School premises here this morning.

He said that the School which was started in 1833 by Mummadi as Raja Free School had completed 185 years and every student must learn to respect the school and teachers of this premier institution with a historic past.

"Only if the students are disciplined and educated can they come up in life. When my father went to admit me to a private school, they insisted that I should be put in LKG. He just walked out and admitted me in a Government School in first standard. I was very mischievous but I still recall the teachers who taught me," he said.

One of the old students B.R. Srihari, Correspondent, *Star of Mysore*, replying to the felicitation, reminisced his student days nearly 70 years ago in the school and said that those days there was fourth and fifth form before entering SSLC.

He remembered his English teacher Syed Ibrahim and Maths teacher M.R. Seetharam and said that the Yuvaraja's College was called the First Grade College, where he pursued his college education.

Another student S.V. Gowdappa, President, Elder Citizen Council Trust, who was also honoured, announced a contribution of Rs.2,500 to the topper in SSLC and even Srihari followed with the same amount.

Meritorious students Bharath, Nandakrishna and a few others were felicitated with Pratibha Puraskar.

Alumni Association President B.S. Sridhara Raj Urs, ORI Deputy Director Ramapriya, Principal Siddaraju, Vice-Principal Mahesh, Ursu Mahamandal Secretary Y.M. Kiran and others were present.

'Anna Bhagya' rice goes missing from godown in Nanjangud

Nanjangud, July 14 (RS&DM)- With Chief Minister H.D. Kumaraswamy yet to take a firm decision on rolling back the cuts in food grains to beneficiaries under the previous government's flagship scheme of Anna Bhagya, which he (HDK) had announced in his July 5 budget, over a 1,000 quintals of rice and 28 quintals of tur dal have gone missing from a godown in APMC yard of the town.

Sr. Deputy Director of Food and Civil Supplies Dr. K. Rameshwarappa, along with officials from Karnataka State Food and Civil Supplies Corporation at Bengaluru, visited the godown yesterday for verification of stocks, when to their astonishment, found 1,165 quintals of rice and 28.66 quintals of tur dal short of stock. The officials, after stock verification, found over 2,300 bags of rice, each of 50 kg and 28.66 quintals of tur dal missing from the godown.

Sr. Deputy Director of Food and Civil Supplies Dr. K. Rameshwarappa, along with officials from Karnataka State Food and Civil Supplies Corporation verifying stocks at the godown.

Even as the misappropriation of Anna Bhagya food grains was unearthed by the officials, the Godown Manager Mylaraiah has reportedly gone absconding. As Mylaraiah could not be traced, Dr. Rameshwarappa lodged a complaint with Nanjangud Town Police Station on the alleged misappropriation of food grains.

National Lok Adalat begins in city

Mysuru, July 14 (RK&DM)- The day-long National LokAdalat (Rastriya Lok Adalat), began at all the Courts in city this morning.

The Lok Adalat is one of the Alternative dispute resolution mechanisms in India and it is a Forum where cases pending or at pre-litigation stage in a Court of law, are settled through a compromise.

The National Lok Adalat is being held in all Courts in the country, following a direction from the National Legal Services Authority (NLSA).

In the city, the National Lok Adalat is being held under the aegis of Mysuru District Legal Services Authority (MDLSA) at all the 25 Courts in city, in which 2,456 pending litigation cases and 929 pre-litigation cases across the district were taken up for settlement.

Disputes like partition suits, money claims, cheque bounce cases, damage claims, matrimonial cases, civil cases (including marriage and family dispute) and compoundable criminal cases can be settled by a compromise at the Lok Adalat.

The decision of the Lok Adalat is binding on all the parties to the dispute and its order is capable of execution through a legal process.

Love triangle leads to shootout

(Continued from page 1)

"I slowed down the vehicle and dimmed my headlights and saw Satish Gowda and my girlfriend in the vehicle. An argument broke out between us and Satish Gowda pulled out his revolver and fired five rounds. While he fired three rounds in the air, two bullets hit the asphalted road," Raghu told the Police.

Fearing for his life, Raghu rushed to the Vijayanagar Police Station in the middle of night and narrated the incident to the Policemen on duty. The Policemen then took Raghu to the spot and they could not find the Innova Cresta. Later it was discovered that Satish Gowda had fled the scene and in the process, his vehicle had hit a barricade. Based on CCTV visuals, Police took Satish Gowda into custody and are interrogating.

Police sources said that Satish Gowda owned a licensed revolver. The case is being handled by Narasimharaja ACP C. Gopal and Vijayanagar Inspector Vinay Kumar. The Police suspect that apart from the love triangle, Satish Gowda and Raghu were involved in financial dealings. Police are enquiring.

Canara Bank holds Retail Loan Mela

Mysuru, July 14 (PM&NNN)- A Retail Loan Mela has been launched by Canara Bank to reach the customers directly thus benefiting both, said T.G. Boraiah, Deputy General Manager, Canara Bank, Regional Office, Nazarbad.

He was speaking after inaugurating the Retail Loan Mela on the call of Prime Minister to own a house of their own for every family under the Pradhan Mantri Awas Yojana (PMAY) and said that the loans are sanctioned based on the clear documents provided by the customers and eligible beneficiary would be getting interest subsidy to an extent of maximum Rs.2.67 lakh (only for one house).

"There are instances of home loans being sanctioned in a day as the customer gave all the relevant documents that met the requirement for the loan. Similarly, the vehicle loan has been sanctioned within an hour of the customer seeking the loan," he said.

However, if both the bank and the customer have to grow, then the latter should see to it that repayments are made on time and also use the loan for which it was taken instead of by diverting the loan for other purposes, he said.

Assistant General Manager Geetha, Divisional Manager R. Padmapriya and others were present. Many builders and vehicle dealers are participating in the Loan Mela offering discounts.

MP Pratap Simha takes NHAI officials to task for wasting public money

Officials spend Rs.5 crore to do 590 mts road work

Mysuru, July 14 (MTY&NNN)- MP Pratap Simha took the National Highways Authority of India (NHAI) officials to task for unnecessarily spending public money by taking up the ten-lane road work of just 590 metre at a cost of Rs. 5 crore near Columbia Asia Hospital junction.

Addressing the media after the inspection of the ten-lane road work and gathering information from the officials yesterday, he said that even though the NHAI officials knew that in another three months the work on the ten-lane Mysuru-Bengaluru Highway work is going to start and a flyover is going to come up near the Columbia Asia Hospital junction from Hotel Atrium, still the officials have gone ahead with the work. He wondered why the money was being unnecessarily spent when they knew that the road has to be dug up again for the flyover work.

He also had noticed the shortcomings of the work going on as the divider on the road was broken and gave them direction to set it right, he added.

Speaking about the work on the ten-laning of the Mysuru-Bengaluru Highway at a cost of Rs.7,000 crore, which will begin from September from ten places simultaneously, he said that the road will bypass Mandya, Maddur, Channapatna, Ramanagaram, Bidadi towns and the 117 kms distance from Kengeri can be covered in just 90 minutes.

The ten-lane road will have two service roads on either side and both of them will be double roads. Rs.3,000 crore has been spent on land acquisition, he added.

Former Mayor Sandesh Swamy, BJP leader M. Rajendra, NHAI Assistant Executive Engineer Chandrappa, Assistant Engineer Tarakesh and others were present.

Nagendra urges for appointment of regular VC for Mysore Varsity

Nagendra

Mysuru, July 14- Chamaraja BJP MLA L. Nagendra has appealed Governor Vajubhai R. Vala, who is also the Chancellor of all State-run Universities in the State, to appoint a regular Vice-Chancellor for University of Mysore (UoM) at the earliest.

In a letter to the Governor, Nagendra said that the century-old University is known for its academic excellence and now in the absence of a regular VC, the University activities seems to have taken a beating.

Pointing out that the University had eminent personalities such as Kuvempu and *Nadoja* Javaregowda as its Vice-Chancellor, Nagendra blamed the apathy of people representatives and the previous Government for the absence of a regular VC.

Noting that Prime Minister Narendra Modi has great plans for transforming higher education in the country, Nagendra said that he has written to the PM appealing him to grant the UoM the same status accorded to Central University, the letter said.

Anderson defeats Isner, in second-longest Wimbledon match of all time to reach final

South Africa's Kevin Anderson (right) is congratulated by John Isner of the United States, after their men's singles semifinals match at the Wimbledon Tennis Championships, in London.

London, July 14- Wimbledon men's semi-finals began at 5.30 pm (IST) and even with the clock ticking 3.30 am on Saturday morning, the two matches were yet to be completed.

Kevin Anderson and John Isner stretched each other and pushed each other to the brink before the South African prevailed in six hours and 35 minutes for the second longest match at Wimbledon where he won 26-24 in the fifth set.

In the second semi-final, with an eye on the 11 pm curfew clock, Djokovic took a two sets to one lead over Rafael Nadal. Play will resume at 5.30 pm (IST) at Centre Court under the roof before the women's singles final between Serena Williams and Angelique Kerber gets underway.

Sublime Serena to face Kerber in her 10th Wimbledon final

Serena Williams booked a Wimbledon final rematch against Angelique Kerber as the seven-time champion marched into her 10th All England Club title match with a 6-2, 6-4 rout of Julia Goerges on Thursday.

On 20-match winning streak at Wimbledon, Serena is the third oldest female Grand Slam finalist in the Open era at 36 years and 291 days. She will face German world number 10 Kerber on Saturday in a repeat of the 2016 showpiece won by Williams.

Williams has often blasted her rivals off Centre Court with ferocious power-hitting, but German 13th seed Goerges was sent packing with a more subtle 70-minute display featuring just 16 winners and five aces.

In only her fourth tournament since the birth of her daughter Olympia in September, the 23-time Grand Slam champion is closing in on her first major title as a mother.

World U-20 Athletics

Hima Das scripts history, wins gold

Tampere, July 14- Hima Das on Thursday scripted history by becoming the first Indian woman to win a gold at the IAAF World Under-20 Athletics Championships as she clinched to top spot in the women's 400m final race on the third day of competitions.

The 18-year-old Das, a pre-tournament favourite, clocked 51.46s to win the gold.

She now joins the illustrious company of star javelin thrower Neeraj Chopra, who won a gold in Poland in the last edition in 2016 in a world record effort. In fact, Das is the first Indian track athlete to have won a medal in the history of this competition.

The previous medal winners at the World Junior Championships were Seema Punia (bronze in discus in 2002) and Navjeet Kaur Dhillon (bronze in discus in 2014).

Das was a favourite to win gold as she is the U-20 season leader in this quarter-mile event. Das clocked an Indian U-20 record of 51.32 seconds to finish sixth in the Commonwealth Games 400m final in Gold Coast in April.

Since then, she has gone onto improving her timings. She lowered the Indian U-20 record in 400m to 51.13 seconds while winning gold in the recent National Inter State Championships in Guwahati.

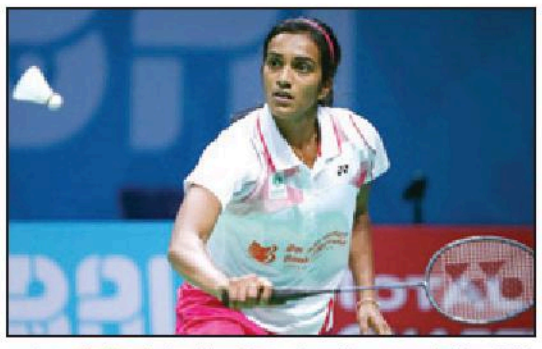
Sindhu seals semi-final spot in Thailand Open



Bangkok, July 14- Olympic silver medallist P.V. Sindhu progressed to the women's singles semi-finals after knocking out Malaysia's Soniia Cheah in straight games at the USD 350,000 Thailand Open World Tour Super 500 Tournament.

The second seeded Indian continued her consistent performance with a 21-17 21-13 win over world no 35 Soniia in a 36-minute clash. The World No.3 Indian will next face Indonesia's Gregoria Mariska Tunjung.

The drift in the hall created troubles for both the shuttlers who struggled with the length of their strokes. Sindhu was erratic initially and the result was Soniia led 11-7 at the first interval.

After the break, Sindhu slowly started dominating the proceedings and reeled off five points to lead 13-12.

The Indian started putting pressure on the Malaysian with her attacking game and grabbed four game points when Soniia hit long. The Malaysian saved one game point before Sindhu sealed the first game with a smash.

After the change of sides, Sindhu moved to a 6-3 lead but Soniia came back to level at 8-8 after the Indian committed a few unforced errors.

Sindhu managed to grab a 11-9 lead at the interval before taking nine straight points to zoom to surge ahead. Soniia managed to stay alive by saving three match points before Sindhu sealed the issue with a stunning smash.

Lock-up death in Mandya

4 Cops suspended; CID probe ordered

Mandya, July 14 (Nagaiah&BCT)- Four Policemen, including a Sub-Inspector, have been suspended for the alleged death in Police custody (lock-up death) that was reported from Mandya yesterday. A CID probe has also been ordered.

Murthy

Forty-eight-year-old Murthy, son of Belathur Bettaiah of Besaganahalli in Maddur taluk, was allegedly found hanging in a toilet at the Mandya West Police Station yesterday morning. He was brought to the Station on the morning of July 12 in connection with a motorcycle theft. Murthy is said to have committed suicide.

Alleging that he was tortured and starved, Murthy's relatives and Dalit outfits protested outside the station and also near the Mandya Institute of Medical Sciences mortuary. According to them, three persons were picked up by the Police on June 9. All were allegedly subjected to torture and only one, Nagaraju of Antharahalli near Maddur, was produced before a Court. While Nagaraju secured bail on Thursday, the other two were "illegally confined" at the Police Station, they charged.

Following the incident, Sub-Inspector Anand Kumar, Station House Officer Madesh, Constable Mallikarjuna Jhalaki and Sentry Varadaraju have been suspended by Mandya SP G. Radhika.

Senior Police officials said that Murthy had committed suicide by hanging himself at the station. There was no one to monitor him as most of the Policemen were on night patrol. An investigation would be conducted, they said.

However, Murthy's relatives pointed out that there were many injuries on his body and moreover, Murthy had a tall personality and it was impossible for him to hang from the window as his legs touched the ground. The relatives alleged that Murthy died as he could not bear the torture and starvation.

Meanwhile, a Crime Investigation Department (CID) has been asked to probe the custodial death. SP Radhika said that the decision of handing over the case has been taken after seeing Murthy's post-mortem report.

House burgled in J.P. Nagar

Mysuru, July 14 (YDS&DM)- Burglars, who broke into a house in J.P. Nagar, have decamped with 250gm silver articles and a TV set.

Burglary took place at the residence of one Shivakumar on 10th Main, J.P. Nagar and the theft came to light when Shivakumar, a Law Department employee, who had been out of station for two days, returned yesterday.

Burglars are said to have gained entry to the locked house by cutting open the grills of a window. Vidyaranayapuram Police have registered a case.

Youth ends life in city

Mysuru, July 14- A 28-year-old reportedly ended his life by hanging self at his residence in Vijayanagar second stage here on Friday.

The deceased has been identified as Abhijit (28), a native of Periyapatna. Abhijit, who was staying at a house in Vijayanagar second stage, committed suicide by hanging self when nobody else was in the house yesterday afternoon, it is learnt.

The cause of his extreme step is yet to be ascertained, according to Vijayanagar Police, who have registered a case.

Cell phone thief arrested

Mysuru, July 14 (RK&DM)- The Devaraja Police, who arrested a cell phone thief, have recovered an high-end cell phone, allegedly stolen by him.

The arrested has been identified as Saddam Hussain (25), a resident of Bharathnagar in city.

Saddam Hussain was picked up by Devaraja Police when he was moving about in a suspicious manner in an attempt to sell a mobile phone.

During interrogation, he confessed to have snatched a mobile phone from a pedestrian who was walking along JLB Road on July 10, following which an Oppo mobile phone valued at Rs.11,000 was recovered from him.

Unidentified youth found dead

Mysuru, July 14- The body of an unidentified youth, aged about 28 years, was found at the passenger seating facility near the exit gate of KSRTC sub-urban bus stand on Friday.

The deceased is wheatish in complexion and his right hand is tattooed with a figure of a lion and also two names Vijayalakshmi and M.S. Kaushalya. An old wound mark is found on the right foot. For details, contact Ph: 0821-2418307 / 339.

WORD OF THE DAY

Plangent

Pronunciation: PLAN-junt

Meaning: Having a loud reverberating sound; having an expressive and especially plaintive quality.

Origin: Plangent adds power to our poetry and prose: the pounding of waves, the beat of wings, the tolling of a bell, the throbbing of the human heart, a lover's knocking at the door—all have been described as plangent.

The word plangent traces back to the Latin verb plangere, which has two meanings. The first of those meanings, "to strike or beat," was sometimes used by Latin speakers in reference to striking one's breast in grief. This, in turn, led to the verb's second meaning: "to lament." The sense division carried over to the Latin adjective plangens and then into English, giving us the two distinct meanings of plangent: "pounding" and "expressive of melancholy."

THE ODD WORD

Deedy

Industrious or effective.

PHRASE OF THE DAY

For whom the bell tolls

Meaning: The interconnectedness of humanity.

Origin: John Donne (1572-1631), Devotions Upon Emergent Occasions, Meditation XVII: Nunc Lento Sonitu Dicunt, Morieris: "Perchance he for whom this bell tolls may be so ill, as that he knows not it tolls for him; and perchance I may think myself so much better than I am, as that they who are about me, and see my state, may have caused it to toll for me, and I know not that. No man is an island, entire of itself; every man is a piece of the continent, a part of the main. If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or of thine own were: any man's death diminishes me, because I am involved in mankind, and therefore never send to know for whom the bells tolls; it tolls for thee."

Donne lived in Tudor and Stewart England, and at that time the tolling of church bells to mark various events was an important feature of daily life. The tolling referred to in the quotation is, of course, that of funeral bells. Ernest Hemingway helped to make the phrase commonplace in the language when he chose to use the quotation for the title of his 1940-published book about the Spanish Civil War. Hemingway refers back to 'for whom the bells tolls' and to 'no man is an island' to demonstrate and examine his feelings of solidarity with the allied groups fighting the fascists.

QUOTE BOX

The game is not lost - or won - until the last bell goes. **—John Curtin**

RIDDLE THIS

You hear it speak, for it has a hard tongue. But it cannot breathe, for it has not a lung. What is it?
